

EU Type Examination Certificate

Date: 2018/11/21

n. **001184707/OE**

Validity:
2023/11/20

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: (Responsible of the PPE)	GIASCO s.r.l. via Zaupa, 50 – 36072 CHIAMPO (VI) – ITALIA	
Type of PPE:	Occupational footwear in conformity with EN ISO 20347:2012 class I (= footwear in leather and other materials)	
Category of PPE:	II : "medium" risks. This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.	
Model	"C7154N" product line: CITY PROFESSIONAL	
Description:	<p><u>model</u>: A (low shoe); <u>fastening system</u>: by means of laces; <u>processing</u>: direct injection; <u>outsole</u>: light grey compact PU marked "CITY ANTISTATIC OIL RESISTANT ANTISLIIPPING SRC MADE IN ITALY ANTISHOCK" with an insert made of light blue polymeric material in the heel area; <u>midsole</u>: dark grey PU foam; <u>upper</u>: black fabric REFLEX (code AC 20794), black fabric NUBUK declared thickness 1,8-2,0 mm (code AC 20791), blue suede split butt leather declared thickness 1,8-2,0 mm (cod. MP 20100 C1), with inserts made of grey reflective material (cod. AC 20797); <u>tongue</u>: of the same material of the upper, lined and padded ; <u>bellows</u>: black coagulated PU declared thickness 0,8 mm (cod. AC 20806 D); <u>vamp lining</u>: black felt IBILINE 7121 declared thickness 2,0 mm (cod. AC 20895 B); <u>rear/quarter lining</u>: black fabric TESEO matched with MTP 3 (cod. AC 20813 B); <u>collar and tongue lining</u>: bluette three-dimensional fabric SURF (cod. AC 20826 C); <u>insole</u>: white multi-layered fabric marked "ZERO PERFORATION K 18.0/3 SLIM" (cod. AC 20740) <u>which also serves as penetration resistant insert</u>; <u>removable insock</u>: black/red/grey foam material SHOCK, perforated in the forepart, matched with black fabric in contact with the foot, marked "HI TECH ANTIBACTERIAL BREATHABLE CONDUCTIVE ESD DUAL COMPONENT PERSPIRING" (cod. AC 20428).</p>	
Technical Standard:	EN ISO 20344:2011 (UNI EN ISO 20344:2012)	Personal protective equipment – Test methods for footwear
	EN ISO 20347:2012 (UNI EN ISO 20347:2012)	Personal protective equipment – Occupational footwear
Intended use:	general industry, engineering industry, agriculture, warehouses, works on trucks, cranes.	
Size range:	from 36 to 47	
Technical File:	DC-9711	
Test report:	RCT n° 3745028.01/E	

EU Type Examination Certificate

Date: 2018/11/21

n. **001184707/OE**

Validity:
2023/11/20

Functions and performance levels:

Basic requirements for occupational footwear (OB) (see table 2 and 3 of EN ISO 20347:2012): all mandatory ones, among which the following ones:

SRC = Slip resistance – meets the following requirement:

- surface: ceramic / lubricant: detergent solution;
- surface: steel / lubricant: glycerol.

Additional requirements (see table 16 and 17 of EN ISO 20347:2012):

O1 = closed seat region, antistatic properties, energy absorption of seat region; **P** = penetration resistance of the sole; **FO** = resistance to fuel oil of the outsole.

Note: the penetration resistance of the synthetic stitch proof insole tends to decrease with the diameter of the perforating object; in return the synthetic insole offers more protective surface and ergonomics advantages (flexibility, insulation, humidity and impact absorption).

Note 2: the footwear also meets the requirement in accordance with IEC 61340-5-1:2016 (IEC 61340-4-3:2017) for the electrical resistance **ESD** class 1 (electric dissipative footwear).

Marking:

printed on a stitched label and displaying the following information:

- **CE Marking**;
- Name of the Manufacturer (on the external side of the footwear);
- Trademark of the Manufacturer (printed on the outsole);
- designation of the footwear (alphanumeric code: unique/unambiguous);
- nr. and year of the reference Standard + safety symbols;
- size indication (printed on the outsole);
- date of production (printed on the outsole with a clock indicator).

NOTE: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements.

The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
