Food Contact

The gloves meet the requirements of EC Regulation 1935/2004 on materials and articles intended to come into contact with food. Specifically, the products have been tested and meet the requirements of Article 3 1935/2004. Under Article 5, testing is carried out in accordance with EN1186 and EC Regulation 10/2011. They are suitable for use with all food categories in situations where there is short term, repeat contact.

The gloves are formulated and processed to conform with ASTM 4679-02 and 21CFR177.2600 and comply with FDA regulations for food contact.
